Abstract

The purposes of this report were attending the Cooperative Education Program at Sripatum University - Chonburi Campus and learning system of working like a real workplace with officers before graduation. The study was about a participant observation separated by 16 weeks and my report will show my responsibilities and problems and solutions for internship at U-tapao International Airport Rayong – Pattaya from 10 September 2018 to 11 January 2019. In this internship I have described my experiences. The internship report contains an overview of the internship and all activities that I performed during my internship.

I hope the experience gained during the internship reported in this report will be useful to future students who are interested in working in this business.
