Abstract

I attended the Cooperative Education Training Program at Sripatum University Chonburi Campus. I took an interest to internship at The Sanctuary of Truth because I wanted to try speaking English with foreigners to practice listening and speaking English skills due to this place is a famous tourist attraction among foreigners and also nearby my home too. I wanted the new knowledge, new friendships and work experience, so I decided to choose here. I was an assistant English tour guide and face many problems each day, I think it is good that I have been learned and trained to solve those problem on my own which I received a lot of new experiences from The Sanctuary of Truth.
