It is my first time to work in a real workplace with another people during the period from 9/01/60 to 12/05/60. I had a lot of responsibilities, obligations and problems while I worked at the front office. I, of course, gained useful experiences and learned to solve problems.

The report will show my internship duties in Walker Exhaust. There are many jobs that I have been assigned, and many work on English language. And I had to contact with foreign clients.

I have tried to write my reports with easy sentences to understand easily. I hope my experience of internship in this report would bring success.
