Abstract

This report is about my experience throughout 4 month at World Electric Company.CO.LTD. World Electric Company manufacture about electronic appliances such as TV, DVD, Hard Disk including electronic components in many brand such as Panasonic, TCL, Hire and Hisence more than 12 million items per years.

I have my internship in Procurement Department and there are three sub departments as follows:

1. Control Division Department.
2. Purchasing Department.
3. BOI Department – Board of Investment.

Every day I have to qualify myself a lot, improve myself all the time .I also must learn to be calm, working carefully and always solve my own defects to work out the best and most complete and I hope that anyone who has read this report will gain knowledge and experience for improve themselves in the future.
