ABSTRACT

This is the first time I have worked at a college. And professional teacher Causing me to open a new experience about working in this profession. I have the opportunity to take part in all kinds of college activities, such as teaching my students English. This is when I was in college. I am a very popular place here because I have learned a lot here, including education, discipline, etiquette, social and more.

I began my internship here from 3 February to 22 May 2020. It was a experience. Good that allows me to develop myself to have higher potential To support future work.
