ABTRACT

I am a bachelor's degree student in English for Business Communication in the School of Liberal Arts at Sripatum University - Chonburi Campus. I have completed internship with the duration of eighteen weeks at Dow Chemical Thailand Limited, a company located in Banchang, Rayong, my hometown. I wanted to gain knowledge about how a chemical company's system works. I wanted to have the experience from this internship. One of my main goals was to improve my English skills, so I chose my internship here. I wanted to practice my English skills: such as listening, speaking, reading and writing here. My position was MI Documenter, I have included my working experience during the period from January 13, 2020 to May 8, 2020.

The report will show my internship duties at Dow Chemical Thailand Limited. This report includes my responsibilities of training and experience of work in the form of weekly reports, which was very useful for internship for new interns and for everyone. This report shared my experience for using English language for conversation with foreign guests with many different English accents, and I developed my sentence or vocabulary skills. I hope this report would help share about my workplace that look good as a place for everyone. I tried to write my reports with simple sentences. I hope my experience of internship in this report would bring success.
