ABSTRACT

. I am a bachelor degree student in English for Business Communication at the Faculty of Liberal Arts of Sripatum University Chonburi-Campus. I had completed an internship, duration period for thirteen weeks at the Hot Collect Salon. It is located at Sriracha in Chonburi Province. The reason for choosing internship at the Hot Collection Salon were because, I wanted to improve my experience, professional skill, hair design, curling, hair colors and hair straightening. I also would like to study and learn more how to do business managements and services. My position at first was hair dresser designer that included my work experience during the period from 02 January to 05 May, 2020.

The report will show my internship duties at the Hot Collection Salon. This report included my responsibilities of training and experience at my work in the form of reports that was very useful for internship. This report shared my experience for use of English language conversation with foreigner guests with different English accents, and I have developed my skills about sentences or vocabulary. I hope this report would help share about my workplace. I tried to write my report with easy sentences to understand easily. I hope my experience of internship in this report would bring success for me and others.
