Abstract

The purpose of this report is to explain the aspects of my work in the internship program at Novotel Bangkok Suvarnabhumi Airport Hotel. The internship program started from 8th January, 2024 to 3rd May, 2024.

I was assigned by my supervisors to work and support the Talent and Culture Department. My work was related to recording learning hours, trainings and activity participation.

From my internship program, I received many benefits such as planning before working carefulness in working, limited time management and self-adjustment. These things will help me develop my work in the future
