Abstract

This report summarizes my internship experience at Anantara Hua Hin Resort Hotel. I was assigned to work in the Front Office Department. My main responsibilities were to welcome guests at check-in, serve welcome drinks and take guests to their rooms, as well as other tasks assigned to me by my supervisors.

I learned many new skills from my internship experience, including service skills and teamwork. I also developed my adaptability skills. This internship experience gave me a better understanding of the Front Office Department and more responsibilities in my work. I am grateful to Anantara Hua Hin Resort Hotel for the opportunity for internship, and I am confident that this experience will be beneficial to me in the future.
