Abstract

This report was prepared by Mrs. Supitcha Malaiauthittham. To explain the cooperative education internship at Akebono Brake (Thailand) Co., Ltd. There are details of work, problems and solutions, collected in this report to record past internship experiences for a total of 4 months, summarize what I learned from this internship so that I can use it to make decisions about the career I want to pursue, and get to try real work that is different from studying at university. These experiences can also be applied to real work. And I hope this report will be useful and make readers understand what I has communicated.
